

## SECOND GAME WON BY SHIPBUILDERS

Only One Run Scored, and That Is Caused by Wild Heave.

Norfolk, Va., August 8.—Vandine's wild heave in the second inning was responsible for the only run scored by either side in the game between Norfolk and Newport News today. It gave the visitors the game, but Norfolk rooters left the park satisfied that they had seen one of the best exhibitions of the national game ever played in this city.

The game was full of sensational fielding. Several big league scouts occupied seats in the grandstand. They came to get a line on the work of George Kircher and Mark Stewart. The latter did not get his customary home run, but the former put up a brilliant game in the field, although he dropped a fly that put a man on base in the second inning, when Vandine threw wild to first in attempting to throw a runner out on a hit down third base line.

Kircher pilfered another pair of bases and in the opinion of a number of spectators he was safe at home in the ninth inning, when he ran from second on an infield hit. Umpire Kelly called him out, although the play was so close it should have gone to the runner. Kircher threw a runner out at the plate in the seventh inning. He caught a fly in left field and returned it on a line to Stewart in time to catch a runner.

Burden was not in his usual good form, but he kept the few hits the Shipbuilders got well scattered. Barton had the tars guessing at all stages of the game, and was tight in the pinches. Gray put up an excellent game at short for the locals. In the fifth inning he scooped up a line-hit ball with his bare hand and had his man at first, but Umpire Kelly ruled the runner safe. Smith put up a good game for the visitors and twice saved his team from being scored on. The score:

## FORM PLAYERS ARE GIVEN BIG SCARE

Braden Direct Nearly Gets Flag When He Breaks Badly at Start.

Kalamazoo, Mich., August 8.—The Grand Circuit race came to a close here this afternoon with a tame program of four races. The feature was the victory of the little black mare, Tangle Archdale, in the free-for-all trot. She was driven by her millionaire owner, Frank G. Jones, of Memphis, and won in straight heats and fast time, Ross B. being the only one to challenge her. An argument, to stable companion, Arvil, also owned by Jones, and driven by "Pop" Geers, pulled a

shoe at the start of the first heat, broke, and was distanced.

The favorite players got a scare in the first heat of the free-for-all pace, in which Braden Direct, a heavy first choice, broke and was only saved from being shut out by the slowness of the flagman in dropping the banner. He then came on and won handily from Longworth B. Foot Prince surprised the wise set by beating Warner Hall and Eddie Dillard, the first choices in the 2:07 pace. Summaries:

Free-for-all class, trotting, 2 in 3, purse \$1,000—Dudie Archdale, blk. m., by Archdale (F. C. Jones), 1; Ross B. (Donahue), 2; 2; Ruth McGreor, ch. m. (Murphy), 3; 3; Arvil, b. h. (Geers), disqualified. Best time, 2:05.

Free-for-all class, pacing, 2 in 3, purse \$1,000—Baron Direct, blk. m., by Baron Direct (Eagan), 4; 1; Longworth B. h. (Murphy), 1; 2; 2; Denismore, b. h. (Geers), 2; 3; 2; Vernon McKinney, b. h. (F. G. Jones), 3, disqualified. Best time, 2:04:1-2.

2:17 class, trotting, 3 in 5, purse \$1,000—Baron Del Ray, br. h., by Baron Wilkes (Rodney), 3; 1; 1; Lulu Worthy, b. m., by Axworthy (Cox), 1; 2; 4; 3; Rapallo, br. h. (Hodges), 4; 4; 2; 2; The Guide, b. c. (Geers), 2; 3; 3, disqualified. Best time, 2:11:1-2.

2:07 class, pacing, 2 in 3, purse \$1,000—Foot Prince, ch. h., by Pulaski (Price), 1; 1; 1; Warner Hall, b. h. (J. E. Benyon), 3; 2; Eddie Dillard, ch. h. (Snow), 2; 3; Arlene, b. m. (Cox), 5; 4; Nelly Temple also started. Best time, 2:05:1-4.

This is me and I'm with him—and didn't he have to answer a lot of foolish questions, oh! But he never peeped once.

What strikes you most about her is that she makes herself so "at home." Hat off—so the air can keep the top of her pretty head cool; her parasol leaned against the railing; her own self slouched down in the middle of her back, which health-preachers say is bad for us, but which is mighty comfortable; in one hand a fan fluttering hard like a butterfly—the only thing about her that works; in the other hand a tall, frosty glass, or a tall, cool bottle—the prickly liquid inside it going via a double straw to her lips that only stop drinking long enough to gurgle, "Good boy, doctor!"

Here is a fat, pretty woman I saw at the game. Her hankie-hat looked like a postage stamp.

These two were at the game, too, but why I don't know—they hardly ever noticed it.

## LORD CHANCELLOR TO SPEAK TO LAWYERS

Viscount Haldane of England to Attend Bar Association Meeting in Montreal

New York, August 8.—Viscount Haldane, the lord high chancellor of Great Britain, who has accepted an invitation to be guest speaker at the annual meeting of the American Bar Association in Montreal next month, plans to spend only five days in America.

According to arrangements he has now made, Lord Haldane will arrive in New York on the Cunard Line Steamer Lusitania August 23. Arriving here probably Friday morning.

the 25th, he will go up the Hudson River on the late J. Pierpont Morgan's yacht Corsair and inspect the United States Military Academy at West Point. On Saturday a special train will take the lord chancellor and his party to Montreal, where he will address the bar association September 1. The day after his speech he will return to New York and sail for home on the Lusitania.

Lord Chancellor Haldane has been overwhelmed with invitations, both from the United States and Canada, to attend other meetings and functions, but he is understood to have resolved to decline all except the bar association and to confine his visit to America to five days.

## CALIFORNIA JAPANESE ENGAGE PRESS AGENT

Will Conduct Educational Campaign to Overcome Prejudices of U. S. and Nippon.

San Francisco, August 8.—The California Japanese have hired a press agent, or as they say, have "decided upon a campaign of education in this country and Japan."

The man upon whom falls the task of rectifying through the power of the press international differences is Kikoshi Kawakami, a newspaper man with training on both sides of the Pacific. He started in newspaper work in Japan, and then came to the United States, taking an arts course at the University of Iowa, and later receiving the degree of master of arts at the University of Wisconsin. Since then he has

been engaged in magazine and newspaper work in this country.

Mr. Kawakami has been employed to correct in this country what the Japanese feel is a growing misconception of themselves as a people and their objects and methods of settling in America. They feel that a clearer understanding of the Japanese will serve to overcome whatever prejudice may exist among Americans against them.

At the same time he will conduct a campaign of publicity in his native land to combat whatever anti-American sentiment may have been aroused by anti-Japanese movements in the United States.

The Japanese have been asked to carry on this work have been raised through popular subscription by Japanese residents of the Pacific Coast States. Mr. Kawakami is now at Reno, Nev., and will assume his duties as press agent in the autumn.

## TURTLE SERUM CURE

Secret Clinics Held by Dr. Meyers to Determine Its Efficacy.

New York, August 8.—Secret clinics have been held here during the past few weeks, it was learned today, for the purpose of establishing the efficacy of the turtle serum cure for tuberculosis.

The clinics have been under the direction of Dr. Edward E. Meyers, who has administered the serum injections to a number of patients, with, it is claimed, marvelous results. Dr. Meyers protested against publicity being given the matter at this time, declaring it would "ruin him ethically." He received no fee, he said, but was conducting the experiments merely so that he could publish the result in medical journals.

## TWO TOWNS BLOTTED OUT

Thousands of Inhabitants Lose Homes by Earthquake in Peru.

Lima, Peru, August 8.—News reached here today that an earthquake Wednesday destroyed the Peruvian towns of Caravello and Quichua. Thousands of the inhabitants were rendered homeless, and extended relief measures will be necessary.

Caravello is a city of 4,000 inhabitants in the State of Arequipa, 129 miles northwest of the port of Callao. Quichua is a smaller town in the same state.

The whole district is subject to frequent earthquakes, and most of the houses and public offices are built to resist shocks. The city of Arequipa has been laid in ruins on several occasions. The volcano of Misti is in the immediate vicinity.

## YOUNG GOLFER SURPRISES ALL

Manchester, Vt., August 8.—A. G. McIlwaine, the seventeen-year-old golfer, whose progress in the tournament for the first president's cup at the Ekwanok Country Club has been sensational, came through the semifinals today and will meet B. Warren Corkran, of Baltimore, in the finals tomorrow.

After defeating such strong players as G. C. Stanley, the Yale captain; Fred Herreshoff, the Garden City expert, and H. K. Kerr, McIlwaine defeated C. H. Gardner, of Agawanna, this afternoon, 4 up and 3 to play.

Corkran caught John M. Ward, of Garden City, off his game in his half of the semifinal and won an uninteresting match.
